**Mobile Phone:** +254740 29 2033

**Email:** beulah.ludon1@gmail.com and

**Website:** <https://ludon25.github.io>

### **Summary**

I am a Software Engineer. I employ my skills in JavaScript and React.js, Python and Django, collaborating closely with design and marketing teams to ensure a user-centric and visually appealing platform.

I have also worked as a Software Architect at **Router-** a transport service port which is available from January 2026, and **royallustre.github.io** . I design and implement IoT systems architecture, building web, mobile, and desktop applications that connect and control various devices and sensors.

I'm continuously updating my skills in Secure programming and CyberSecurity.
